

Urban Design Studio- III						
CO1 : Analyse the city critically through the lens of Policies, Urban Design and allied domains (C4) (P3) (A1)-1 MARKS						
1 MARKS						
KSA	Outstanding A +	Excellent A	Very Good B	Good C	Satisfactory D	Emergent E
C4	Outstanding ability to demonstrate very clear and excellent understanding on data collection and analysis	Ability to demonstrate very clear and excellent understanding on data collection and analysis	Ability to demonstrate clear and very good understanding on data collection and analysis	Ability to demonstrate good understanding on data collection and analysis	Ability to demonstrate basic understanding on data collection and analysis	Lacks understanding in data collection and analysis.
P3	Outstanding ability to perceive, with very clear and excellent observation of data gathered and analyse it	Ability to perceive with very clear and excellent observation of data gathered and analyse it	Ability to perceive with clear and very good observation of data gathered and analyse it	Ability to perceive with good observation of data gathered and analyse it	Ability to perceive basic observation of data gathered and analyse it	Lacks perception in observing, and analyzing data collection.
A1	Ability to receive various information completely with excellent awareness and clarity..	Ability to receive various informations with excellent awareness and clarity..	Ability to receive various informations with very good awareness and clarity..	Ability to receive various informations with good awareness and clarity..	Ability to receive various informations with reasonable awareness and clarity..	Lacks awareness and clarity to receive various informations.
CO2: Analyse the complex urban systems and develop sustainable strategies for the city (C4) (P4) (A2),(C4, P4, A2)-1 MARKS						
1 MARKS						
KSA	Outstanding A +	Excellent A	Very Good B	Good C	Satisfactory D	Emergent E
C4	Outstanding ability to demonstrate very clear and excellent understanding of urban system and the analysis	Ability to demonstrate very clear and excellent understanding of urban system and the analysis	Ability to demonstrate clear and very good understanding of urban system and the analysis	Ability to demonstrate good understanding of urban system and the analysis	Ability to demonstrate basic understanding of urban system and the analysis	Lacks understanding in data collection and analysis.
P4	Demonstrating very clear and excellent performance of activity from written and verbal instruction.	Demonstrating very clear and excellent performance of activity from written and verbal instruction.	Demonstrating clear and very good performance of activity from written and verbal instruction.	Demonstrating good performance of activity from written and verbal instruction.	Demonstrating basic performance of activity from written and verbal instruction.	Difficulty in Demonstrating and unclear performance of activity from written and verbal instruction..
A2	Outstanding response and contribution to the domain and Participate willingly.	Excellent response and contribution to the domain and Participate willingly.	Very good response and contribution to the domain and Participate willingly.	Good response and contribution to the domain and Participate willingly.	Basic response and contribution to the domain and Participate willingly.	Less response and contribution to the domain and Participate willingly, which needs improvement in communication of study.
CO3: Apply the appropriate graphical/mapping (GIS) tools, research methods and representation techniques to demonstrate both analytical and proposed projects for the city (C2) (P4)- 2 marks						
2 MARKS						
KSA	Outstanding A +	Excellent A	Very Good B	Good C	Satisfactory D	Emergent E
C2	Outstanding ability to demonstrate very clear and excellent understanding appropriate graphical/mapping (GIS) tools, research methods in analysing the proposed projects for the city	Ability to demonstrate very clear and excellent understanding appropriate graphical/mapping (GIS) tools, research methods in analysing the proposed projects for the city	Ability to demonstrate clear and very good understanding appropriate graphical/mapping (GIS) tools, research methods in analysing the proposed projects for the city	Ability to demonstrate good understanding appropriate graphical/mapping (GIS) tools, research methods in analysing the proposed projects for the city	Ability to demonstrate basic understanding appropriate graphical/mapping (GIS) tools, research methods in analysing the proposed projects for the city	Lacks understanding appropriate graphical/mapping (GIS) tools, research methods in analysing the proposed projects for the city
P4	Demonstrating very clear and excellent performance of representation techniques in both analytical and proposed projects for the city	Demonstrating very clear and excellent performance of representation techniques in both analytical and proposed projects for the city.	Demonstrating clear and very good performance of representation techniques in both analytical and proposed projects for the city.	Demonstrating good performance of representation techniques in both analytical and proposed projects for the city	Demonstrating basic performance of representation techniques in both analytical and proposed projects for the city	Difficulty in Demonstrating and unclear performance of representation techniques in both analytical and proposed projects for the city
CO4: Demonstrate the knowledge and understanding of skills learnt in the form of proposals (C2) (P6) (A4) - 2 marks						
2 MARKS						
KSA	Outstanding A +	Excellent A	Very Good B	Good C	Satisfactory D	Emergent E
C2	Outstanding ability to demonstrate very clear and excellent understanding of urban system and the analysis	Ability to demonstrate very clear and excellent understanding of urban system and the analysis	Ability to demonstrate clear and very good understanding of urban system and the analysis	Ability to demonstrate good understanding of urban system and the analysis	Ability to demonstrate basic understanding of urban system and the analysis	Lacks understanding in data collection and analysis.
P6	Demonstrating very clear and excellent skills learnt in the form of proposals	Demonstrating very clear and excellent skills learnt in the form of proposals	Demonstrating clear and very good skills learnt in the form of proposals	Demonstrating good skills learnt in the form of proposals	Demonstrating basic skills learnt in the form of proposals	Difficulty in Demonstrating and unclear skills learnt in the form of proposals
A4	Outstanding value proposing the project	Excellent response and contribution to the domain and Participate willingly.	Very good response and contribution to the domain and Participate willingly.	Good response and contribution to the domain and Participate willingly.	Basic response and contribution to the domain and Participate willingly.	Less response and contribution to the domain and Participate willingly, which needs improvement in communication of study.
