tudent to teacher ratio has improved over the years. Also I had a good support system from the faculty to push me forward and rogress	The faculty of architecture has changed over the years. They are slowly bringing technology into the course and helping students to get acquainted with new ways of thinking
During Thesis the criteria for marking shouldn't be same for everyone. Consideration should be given for different kinds of projects and	These 5 wears have been wonderful Thanks a lot Cheers!
ttemgt faten up by the students. The overall experience of completing praduation here in manipal university was good. Got a lot of exposure in work, in places etc. Ometimes only problem becomes when (some) leachers are unable to understand the students ideas, thoughts and discourage them	It was great experience overall.

* Well-structured course , although lots of bureaucracy and mismanagement in the first 2 years . Would have liked a more stable faculty	
(th less turnover of staff, as well as more real-world on site experience given to students. More emphasis to be given on extra- urcular artifities as well as encouragement. therefore a wonderful 7 years, will definitely take back lots of memories.	The faculty has had too much turnover in my tenure here for me to comment on specific people. But overall , qualifit and competent faculty . Just needs to be more involved with students and offer more real world experience and encouragement.
eeds to be improved OOD EXPOSURE	good enough MULTITALENTED PPL
he course content included the basic concepts and detailed knowledge of architecture and the related fields.	Great college, and faculty.
HE COURSE EXPOSED VARIOUS FIELDS.	HAD A GOOD SET OF FACULTIES WHO ENCOURAGED TO THE PERIOD OF FIVE YEARS HERE AT FACULTY OF ARCHITECTURE.
atisfactory but has some important elements missing in the course.	Great for overall Development and provides insight to the field of design, yet lacks in some areas in academics
recares you reasonably well, but better than most other colleges, for professional work life.	overall worthwhile experience, practical/ on site exposure should be more
.comprehensive theory classes. need to inculcate more practical exposure along with theoretical knowledge.	
senior junior interactive assulors should be implemented. Importance to design and development more than deadlines. for changing experience contributing to personal and professional life	good facilities but there shouldn't be a time constraint for using the design studios and the cad lab well experienced and well informed faculty and good exposure
hesis semester could have been better planned. More exposure to practical applications and scenario.	Thank you
earnt a lot, a great experience.	Always had a brilliant and supporting faculty making sure we always got a holestic education.
500d overall. Students should be exposed more to the practical field.	More importance to be given to practical knowledge.
Overall a good experiences.	need for more exposure, but otherwise one of the best architecture colleges in the country
s been a good experience and exposure in foa ourse need to be more intuitive and student friendly. Need the curriculum more with the creative aspects of the students.	Had an amazing time while my duration at the college. Going to miss this place big time.
