Skills training/ simulation centre skills training

The week 2 of causality **clinical postings** will be utilized for simulation centre skills training on Monday and Tuesday

The Medicine, Surgery, OBG, Paediatrics departments will have to take students to skills lab during clinical postings on their respective allotted days each week.

Monday- Paediatrics
Wednesday- Medicine
Thursday- Surgery
Friday – OBG

Since the postings are for 4 weeks duration, each department will get 4 rounds. All four rounds can be utilized for skills lab training if not students can continue bed side postings.
